DETAILED ACTION

Election/Restrictions

Restriction is required under 35 U.S.C. 121 and 372.

This application contains the following inventions or groups of inventions which are not so linked as to form a single general inventive concept under PCT Rule 13.1.

In accordance with 37 CFR 1.499, applicant is required, in reply to this action, to elect a single invention to which the claims must be restricted.

Group I, claim(s) 1 through 4, 10 and 11, drawn to a culture medium for filamentary fungi and a method of producing filamentary fungi.

Group II, claim(s) 5 and 12, drawn to a culture medium for filamentary fungi and a method of producing filamentary fungi.

Group III, claim(s) 6 through 8 and 13, drawn to a culture medium for filamentary fungi and a method of producing filamentary fungi.

Group IV, claim(s) 9 and 14, drawn to a culture medium for filamentary fungi and a method of producing filamentary fungi.

The inventions listed as Groups I-IV do not relate to a single general inventive concept under PCT Rule 13.1 because, under PCT Rule 13.2, they lack the same or corresponding special technical features for the following reasons: each group claims a different culture medium (i.e. a different product.) While a product and process of use of that product are a single general inventive concept, multiple products are each their own distinct inventive concept..

A telephone call was made to on to request an oral election to the above restriction requirement, but did not result in an election being made.

Applicant is advised that the reply to this requirement to be complete must include (i) an election of a species or invention to be examined even though the requirement may be traversed (37 CFR 1.143) and (ii) identification of the claims encompassing the elected invention.

The election of an invention or species may be made with or without traverse. To preserve a right to petition, the election must be made with traverse. If the reply does not distinctly and specifically point out supposed errors in the restriction requirement, the election shall be treated as an election without traverse.
